

JASON DUDEY

BIO

Jason Duddy has been a national touring headliner for the last fifteen years. Jason can be seen on NBC's **Last Comic Standing**, LOGO's **Wisecracks**, Comedy Central and MTV. He's played to sold out audiences from Sacramento to Baltimore to Tampa and toured with Kathleen Madigan, Louie Anderson, Jennifer Coolidge and Sandra Bernhard along the way. Jason's humor has also brought him national attention as a finalist at The World Series of Comedy three years in a row, along with entry into the Outlaugh Comedy festival and the New York Comedy Festival.

Spring boarding off the critical success of his first comedy album, "**Major Duddy**", Jason released his second album, "**Exceeding All Expectations**." Both albums can be heard on *Sirius XM Radio*, and all of the major streaming platforms. Jason was on tour with **Come Out Laughing**. A recent divorcee and cancer survivor only adds to his humor. "Life happens, and it keeps happening and then when you're not looking it happens again. I never thought cancer would be funny but, when you lose hair places that you didn't even know you had hair, you have to laugh and move on," exclaims Jason. Life hasn't gotten him down yet and it never will!
